Joram is a true professional with boundless energy, who is a valuable addition to any team. Intelligent, diligent and meticulous in his work, he displays a broad range of skills and excels in all of them. I am pleased to have worked with Joram, and will do so anytime the opportunity might present itself.

- Twan van Dooren

When I worked together on projects with Joram, Joram was a great team-player. He was dedicated and made long hours. Many times his critical thinking had us avoid mistakes that could have proven disastrous in the long run. He is not afraid to speak up, and goes out of his way to acquire new skills if that aids his project.
